## EDUCATION

Bachelor of Science in Computer Science - (New American Merit Scholarship - 14,500 USD)  
Arizona State University, Tempe, AZ - (Dean's List Holder - Fall 2023 and Spring 2025)  
Certifications: Programming for Everybody - University of Michigan (Coursera)

May 2027  
GPA 3.65  
Sept 2025

## TECHNICAL SKILLS

**Programming Languages:** Java, JavaScript, Python, C, C++, Bash, HTML, CSS.

**Relative Coursework:** Data Structures and Algorithms, Object-Oriented Programming, Computer Organization and Assembly Language, Introduction to Programming Languages, Entrepreneurship in Tech.

**Tools, Frameworks, Databases:** VS Code, React.js, Node.js, GitHub, Jira, Supabase.

## EXPERIENCE

### IT & Digital Support Intern | J. Junaid Jamshed - Karachi, Pakistan

Nov 2022 - Jan 2023

- Collaborated with a 6-member IT and e-commerce team to resolve data inconsistencies and optimize the digital catalog system during high-traffic seasonal campaigns.
- Updated product details, fixed HTML formatting issues, and verified pricing and stock data to ensure accurate online product listings.
- Improved catalog update speed by 30%, reduced data-entry errors by 20%, and maintained seamless product availability across platforms, contributing to a 12% increase in online sales and stronger customer satisfaction during peak periods.

### Web Development Intern | Project Managers - Karachi, Pakistan

May 2023 - July 2023

- Collaborated with a 4-member team to resolve recurring website errors disrupting client appointment bookings, optimizing front-end code in HTML, CSS, and JavaScript to fix faulty form validation and prevent confirmation page crashes.
- Utilized Jira to track bugs, manage sprint tasks, and maintain clear communication across the development cycle, ensuring timely resolution of front-end issues and workflow alignment.
- Redesigned the quote and booking workflow, reducing average booking time from 13 to 6 minutes, and increasing monthly consultations by 44% (from 9 to 13 clients), driving a corresponding 44% revenue rise through a faster, more reliable user experience.

### Facilities Supervisor | Sun Devil Fitness Complex - ASU

May 2025 - Present

- Supervise facility operations and enforce safety procedures to ensure a secure environment for all patrons.
- Assisted 2,000+ daily users with facility access, equipment setup, recreation support, and policy guidance.
- Certified in CPR and First Aid, trained to respond to emergencies and provide appropriate care when needed.
- Collaborate with a team of 80 staff members to maintain cleanliness, coordinate setup and teardown of spaces, and ensure efficient facility operations.

## PROJECTS

### Weather App | Personal Project

- Engineered a responsive weather forecasting web application using HTML, CSS, and JavaScript, integrating the OpenWeatherMap API to retrieve and process real-time weather data.
- Implemented asynchronous API handling, dynamic weather icons, and dual temperature display (°C/°F) to enhance accuracy and user interactivity.
- Deployed via GitHub Pages, ensuring cross-device compatibility and a clean, modern, and mobile-responsive interface optimized for performance.

## LEADERSHIP AND INVOLVEMENT

### Society Executive Member | Lyceum Lytech - (Tech Society)

Aug 2022 - May 2023

- Coordinated and contributed to coding competitions, tech talks, and project showcases. Partnered with faculty and peers to organize a Tech Fair highlighting student projects in AI, web development, and automation, attracting over 250 participants.
- Led a team of 113 members to manage event logistics, digital registration systems, and technical setups, gaining hands-on experience in software tools, teamwork, and technical operations.
- Proposed and implemented a social media outreach campaign using data-driven strategies, increasing participation by 25% and expanding the society's online presence.

### Volunteer | Lyceum Service Society - Karachi, Pakistan

Oct 2021 - May 2023

- Organized a bake sale and donation drives, raising the equivalent of ~\$4000 for charity and cancer patients.
- Volunteered to homeschool underprivileged students, supporting their academic growth.
- Developed strong communication, time management, and teamwork skills through community initiatives.
